Core Competencies

- C#, ASP.NET
- ASP.NET CORE
- HTML, BOOTSTRAP
- CSS
- WEB API, JAVA
- JAVASCRIPT, JQUERY
- MS SQL, PostgreSQL

Communicator

BalasundarP

...end maintainable code.

- ➢ Collaborate with designers to implement user interfaces.
- ➢ Optimize applications for maximum speed and scalability.
- ➢ Perform code reviews and provide constructive feedback to other team members.
- ➢ Troubleshoot and debug issues.
- ➢ Stay up-to-date with emerging technologies and industry trends.
- ➢ Proven experience as a Full-Stack Developer or similar role.
- ➢ Experience with databases such as MSSQL, PostgreSQL.
- ➢ Strong understanding of web development principles.
- ➢ Excellent problem-solving and communication skills.
- ➢ Ability to work independently and collaboratively in a team environment.
- ➢ Attention to detail and a passion for writing clean, efficient code.
- ➢ Experience with cloud platforms such as vercel CI/CD pipeline, Azure, or Google Cloud Platform.
- ➢ Familiarity with DevOps practices and tools.
- ➢ Experience with containerization and orchestration technologies such as Docker and Kubernetes.

HIGHLIGHTS

With over six years and six months of seasoned expertise in Frontend and Backend Development, I have carved a niche for myself in the desktop and .NET Technology. My proven track record encompasses the full development spectrum—from coding and designing to implementing and integrating robust applications that make an impact.

As a technical maestro, i take pride in providing architectural blueprints and steering projects to successful completion through adept technical leadership. My proficiency in logging, debug code, and troubleshooting complex software issues is matched only by my strong analytical abilities and problem-solving acumen, all underpinned by an unwavering positive attitude toward overcoming challenges.

Well-versed in software tools including HTML, JavaScript, BackBone and JQuery, among others. -Skilled at insuring and writing solutions of reliable outputs of accurate use options and pre-and post-conditions. -Experienced at designing unit tests to measure the effectiveness of software programs, backend services, and user interfaces. -Confident problem-solving abilities to overcome glitches with creative solutions that are strategically designed to last long-term. -Strong communication skills and the ability to listen carefully to user feedback to determine qualifications for optimal user-function

Organisational Details:

Software Developer, NexWave Talent Management Solutions Pvt Ltd, Bangalore 09/2024 - Present

- Design, implement, and maintain Java-based web, desktop, and mobile applications. They create well-written, efficient code that meets business requirements and user needs.
- Analyze user requirements to define business objectives and system features.
- They communicate with end-users to understand their needs.
- Test software, identify and resolve technical issues and bugs.
- They conduct code reviews, and other types of testing to ensure high-quality deliverables.

Web Developer, Forax Software Pvt Ltd, Bangalore 04/2022 - 08/2024

- Skilled at insuring and customizing reliable policyholders personalized coverage options and flexible payment plans.
- Proficient in tailoring Sum Assured to meet individual financial needs and security goals.
- Strategic advisor in selecting optimal policy tenure, ensuring long-term peace of mind for clients.
- Skilled in maximizing the benefits upon policy maturity, delivering tangible value and financial growth.

Web Developer, Attune Technologies Pvt Ltd, Chennai 12/2021 - 03/2022

- Developed a cloud-based Laboratory Goods Management System, enhancing inventory management across multiple branches.
- Customized an advanced stock management module for large-scale lab operations, boosting efficiency and accuracy.
- Integrated real-time tracking for inbound goods and distribution, ensuring seamless branch coordination.
- Crafted an intuitive monitoring dashboard to monitor stock levels, valuation, and consumption patterns effectively.

Full Stack Developer, Margy Tech Pvt Ltd, Madurai 02/2020 - 12/2021

- Engineered a robust cloud-based application for comprehensive Goods Management in laboratory settings, streamlining large- scale

stock control processes.

- ➢ **Facilitated real-time online tracking of goods receipt and distribution across multiple branches for enhanced operational efficiency.**
- ➢ **Implemented advanced features for meticulous monitoring of material stock levels, valuation, and consumption analytics, tailored to both date and month metrics.**

Web Developer, Great Innovus Solutions Pvt Ltd, Madurai 0 5 / 2 0 1 9 - 0 2 / 2 0 2 0

- ➢ **Developed a robust connected building platform for enterprise and critical infrastructure clients, adhering to strict industry standards.**
- ➢ **Led project localization efforts to improve accessibility and increase user engagement.**

Associate Software Engineer, Margy Tech Pvt Ltd, Navi Mumbai., 1 1 / 2 0 1 7 - 0 5 / 2 0 1 9

- ➢ **Engineered a comprehensive cloud-based application tailored for laboratory operations, enhancing functionality across small to large-scale environments.**
- ➢ **Streamlined client communication and business tracking with robust onlineinterfaces, facilitating patient/client, city, zone, and test-specific analytics.**
- ➢ **Integrated core modules for test processing, invoicing, inventory management, and accounting, ensuring seamless laboratory workflows.**

Languages Known

Tamil

- ➢ **Implemented Barcode Verification and Instruments Integration to bolster accuracy and efficiency in laboratory procedures.**
- ➢ **Optimized pre-analytical processes with advanced sample receiving and sorting features, elevating operational standards.**
